To: ☐ Amy Essig Desai <aedesai@farallonconsulting.com>;

No worries. I'll call Glen to see if we can get a response ASAP.

Thanks for the quick response Becky. This is great news (fingers crossed with the Tribe). Appreciate your quick inquiry with the Services too.

Yes- here's the deal. The Services are fine with you starting work in the cofferdam prior to August 1st, and require no additional consultation. They also said that they would be okay with you starting the dredge work as of July 20th given the migrations of the juvenile chinook in the salmon.

I emailed Glen and Alison this AM to get their feedback. I have yet to hear from either of them- and am guessing Glen is going to want to talk with the tribal folks prior to responding. I am going to work for a couple of hours tomorrow- so I can call Glen and see if he has a response. I think, however, I probably won't get an official response until early next week.

Becky

Hi Becky,
Just curious if you have talked with the Services about work prior to Aug 1 both work in the coffer dam and in-water dredging work.

Thanks,
Amy
